

Tony's Cabs Drogheda

This is Tony's Cabs. I can come here to order a taxi.

I can enter the office through the front door on Stockwell Close.

When I enter I can tell a staff member behind the counter that I need a taxi.

I will tell them where I want to go and how many people will be travelling in the taxi.

There are lots of seats available for me to sit and wait for my taxi.

When the taxi arrives they will let me know.

If only a few people are travelling then I can use a normal car taxi.

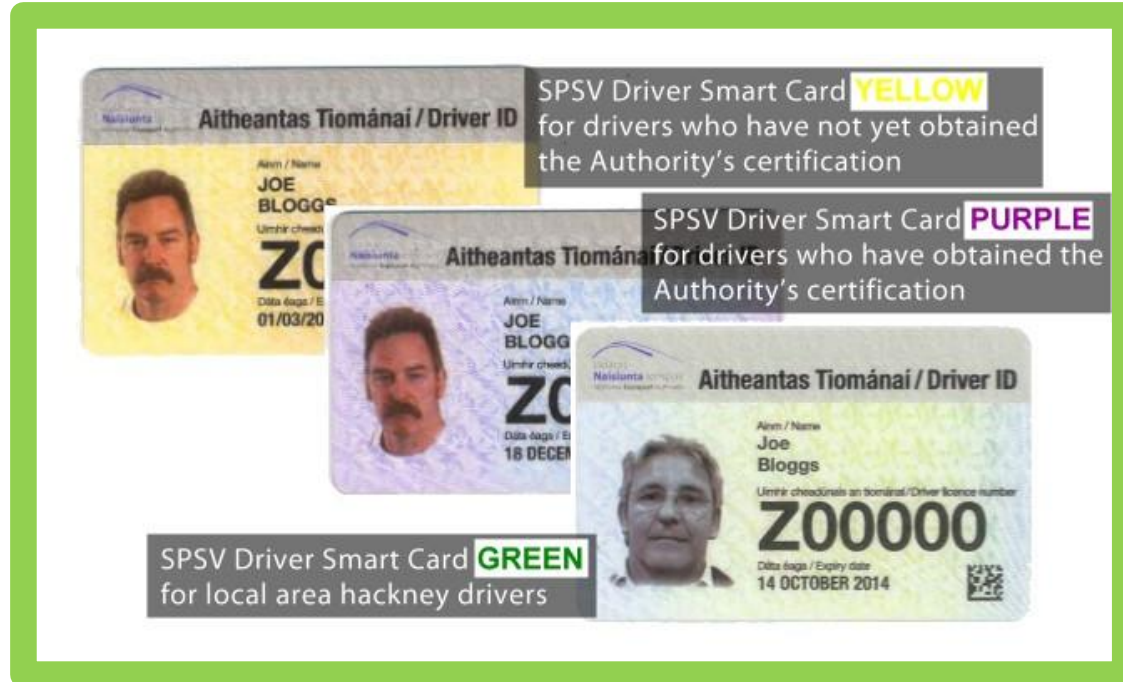

If more than five people are travelling or if there is a wheelchair user they will provide a minibus.

These are bigger than car taxis and they also have space and ramps for wheelchairs.

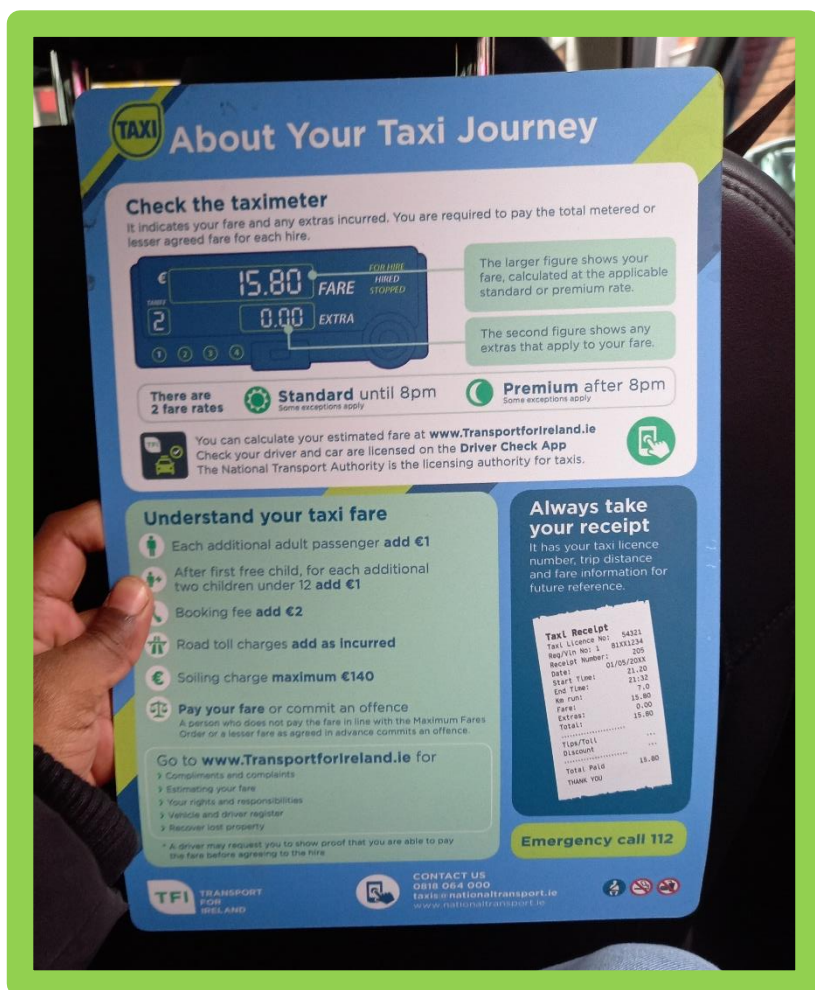

Taxis all have meters to show how much is being charged. The charges are based on the distance travelled, so longer journeys will be charged more. There is an extra charge for each additional person travelling.

I can see my driver's Smart card displayed on the dashboard. I will be able to see their name and driver number.

I should always make a note of these to be safe when travelling in any taxi.

There will be an information sheet in the taxi.

If I cannot see it in the car, I can ask my driver for it. The information sheet will tell me what to expect and all about the journey.

All the taxis at Tony's Cabs have an emergency pack in the boot. These will be used in an emergency or if the taxi breaks down.

If anything like this happens, I will need to follow the instructions of my taxi driver.

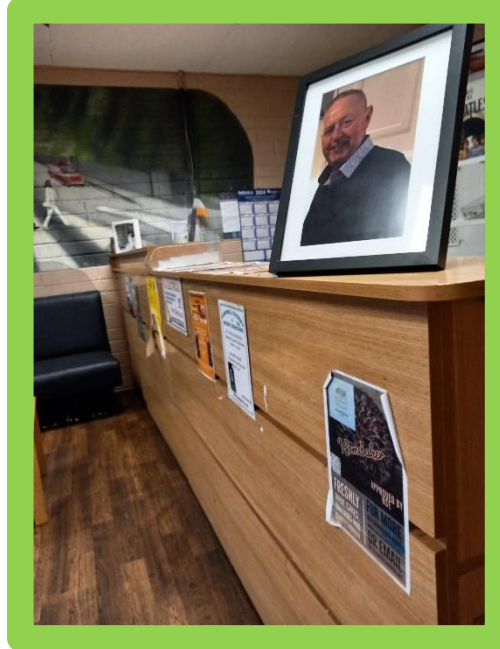

When I am finished my journey, my driver will give me a receipt. It will show me how much I am being charged and what I am being charged for. I can pay the taxi driver with cash or card.

I can also order a taxi from Tony's Cabs by calling 1800 60 60 70 or 0868 10 10 40 or 041 98 333 03.

The phone operator will ask for some information about the journey and they will then let me know when my taxi will arrive.

This is the late Tony. His picture is displayed in the office to remember him. He worked hard to build Tony's Cabs.
